Physical Defects Found In Selectees Over Third Rejected For Minor Things Col. Rowntree Is Worried Over Showing

### By CHARLES P. STEWART

Central Press Columnist WASHINGTON, May 28.-Over one-third of America's candidates for military training, under the Selective Service System, have to be more or less rejected on account of physical defects.

That is to say, 12 per cent of the registered lads are turned down by local boards as unfit for service. Twenty per cent are classed as unfit for any service at all. Thirtytwo per cent, total. Then, after the local boards are through with 'em. army doctors reject 10 per cent of those whom the local boards have passed.

Col. Leonard George Rowntree. chief of the medical division of Selective Service headquarters in Washington, frankly is worried over this showing. FROM ME TO YOU

By MESEEALL

The U. S. O. is now under way here in New Castle, Ellwood City and the rest of Lawrence County . . . \$20,000 is what the leaders of the movement here would like to raise . . . and we feel sure that the population of the county will do their part . . . it takes but a little from each one to swell the amount . . . the Johnson-Brenze Company really showed they were behind the movement . . . the U. S. O. show that the three main religious groups here in the United States can work together as one unit . . . that is something that can't be done in any other part of the world . . . let's keep the United States a free and worthwhile country.

Here it is the 28th of May . . . my how time does fly . . . and in just two days it will be Memorial Day . . . that means a lot . . it means that we here in the United States have something to look back upon . . , but to more than that, it means to thousands a "Holiday" . . . the time when a lot of folks will load up the old bus with gas and oil and travel . . . some will be fortunate enough to have Friday, Saturday and Sunday to do as they please . . . we hope that each has a wonderful time but more than that . . . that each will not experience an accident . . . Let's all do our part in keeping the highways safe . . . drive sanely . . . in Pennsylvania and all other states.

The Lawrence County Garden Club will hold a flower show on the 6th and 7th of June in the show rooms of the Lawrence Auto Company. The affair will be a great event for hundreds of flower lovers in the city and county. Prizes will be give that are really worth working for . . . and the price of admission is only 10c . . . the money that is raised will be given to the local Unit of the U. S. O. which we have all been talking so much about . . . from time to time a complete list of rules and schedule of classes will be published . . . so look around and see what you have that would be worth entering in this gigantic show.

asking for work . . . any kind of work and then when they get the job they only show up when it pleases them. No wonder some people have a time getting along. But life is life and the best that one can do, is look at it that way.

Some people sure give you a pain in the neck . . . they come around
